Purpose: The purpose of this portfolio is for you to demonstrate how your effectiveness as a teacher in the Hawaii Teacher Performance and Licensing Standards and your implementation of the Hawaii Content Performance Standards has had an impact on the learners in your classroom. This is a step beyond the formal observations that have been done during your classroom teaching and is a component of the evaluation process that demonstrates your knowledge, skills, and dispositions as a teacher candidate in the BYUH School of Education.

Directions: Carefully select evidence that demonstrates your competence as a teacher and the effects you’ve had on your students’ learning. (** Please remember that any artifact that is considered confidential should have all identifying information removed). Then write a personal statement for each standard explaining how you’ve met the standard based on the evidence provided. When preparing this statement, you will need to reflect on the performance criteria that is included under each standard. Your evidence should support these (some if not all) performance criteria and not just the broad standard.
